

## **Wicker Bar – Seton Hotel**

**Janine** – Sang at the bar.

**Tina** – Played the piano

**Valencia** – Sang

Played like he has a bullet in his guts. Asked waiter to ask Valencia if she would have a drink with him  
**Called Salley** in the middle of the night, Salley's grandma picked up, he wanted to trim her Christmas Tree  
Dipped his head in water, sat by radiator, **Shivered when he was drunk**. Talked to guy that played the Piano  
for Valencia, he was fixing his hair, leaves, got his coat and **Little Shirley Record**, goes to Central Park to see  
the ducks, breaks the record, can't find the lake, finally finds it, almost fell in, threw coins over the lake  
He didn't want to be buried and everyone making such a big deal. Thought he was going to die from  
pneumonia cuz of the ice in his hair. Felt sorry for Allie cuz he can't leave the graveyard

Went home to see **Pheobe** in case he died. **Pete**, elevator man, wasn't there. Askes for the **Dicksteins**, says  
he's their nephew, and says that he's got a bad leg and needs to sit in the chair outside their door  
Maid got a bad ear, someone poked a stick in her ear. Pheobie slept in DB's room cuz it's big  
Read her notebook, woke her up to say hello. She wrote a letter to him telling him to come see a play, **A**  
**Christmas Pagaent for Americans**, where she played **B. Arnold**. She saw "The Doctor" that afternoon, about  
a doc who had to put a towel over a kids face then arrest him . Got the bruise because **Curtis** pushed her down  
the steps. She put ink on his windbreaker.

Pheobie realizes Holden got kicked outta school, parents won't be back, at a party, Holden says he'll work on a  
ranch in **what state?**. Pheobe sticks pillow over her head. Holden says he left cuz everyone at Pency was  
phony. Even said Mr. Spencer wsa a phony – **why?**. **Veteran's Day** – a day where all the people of 1776 come  
back and walk around. Blamed him for hating everything, couldn't name one thing that he really liked.  
**James** – dude jumped the window to elude harassers. Holden likes Allie, doesn't want to be a lawyer cuz you  
can't tell if you're being a phony, She keeps telling him to stop swearing. He wanted to be the **catcher in the**  
**rye**. Called **Mr. Antolini**, let him stay for the night, also used his own coat when James fell. Danced with  
Pheobe for 4 numbers, says she can give herself a fever, parents came back, Holden hides, Pheobe covers, then  
gives him the 8.65 in Christmas money, Holden leaves, **but gives her his hunting hat**. Went down back stairs  
to avoid elevator man.

Antolini was an English teacher at Elkton Hills, Mrs. Antolini was Vivian, had a sethema, both read DB's work.  
Failed oral expression, digressed too much, tells about Richard, who got an F for talking about the farm and the  
brace at the same time. Mr. Antolini tells him to apply himself in school, sleeps on the couch, felt a hand on his  
head, got up, and ran for it.
